HEALTH WARNING: Eye irritant. May cause irritation to eyes. Mild skin irritant.

PRODUCT DISPOSAL: Ensure unwanted product is used by another operator strictly in accordance with label directions. Do not allow product to enter waterways, drains or sewers.

CONTAINER DISPOSAL: Triple rinse container and add residue to spray tank. Submit clean empty container for recycling through Agrecovery. If this is not possible burn if permitted and circumstances, especially wind direction allow, otherwise bury in landfill.

HANDLING PRECAUTIONS: When mixing or applying wear protective clothing as prescribed for the mixing partners used. Wear gloves and goggles when handling **TRAKKA LONG LIFE FOAM MARKER**. Do not eat or drink while using. Wash hands and face before meals and after work. Wash protective clothing after work.

STORAGE: Store in original container tightly closed and in a locked, dry, cool, well ventilated area, away from feed, seeds and foodstuffs. Storage must be generally in accordance with NZS8409 Management of Agrichemicals. See the HAZNOTE for further information.

FIRST AID: If swallowed do NOT induce vomiting. For advice, contact the National Poisons Centre **0800 POISON (0800 764 766)** or a doctor immediately. If skin, hair or eye contact occurs, remove contaminated clothing and flush skin, hair and/or eyes with running water for several minutes.

GENERAL INFORMATION
TRAKKA LONG LIFE MARKER FOAM is a premium quality agricultural marking foam. **TRAKKA LONG LIFE MARKER FOAM** has been evaluated over a very wide range of conditions and found to consistently demonstrate superior performance compared to most available foam markers. In particular, **TRAKKA LONG LIFE MARKER FOAM** is more effective in hard water (common in New Zealand) and lasts longer in hot conditions.

TRAKKA LONG LIFE MARKER FOAM may be coloured by the addition of **TRAKKA BLUE** or **TRAKKA RED** for easier identification of the sprayed area under certain light conditions.

RECOMMENDATIONS:

USE CONDITIONS	RATE / 100 Litres of water	COMMENTS
Soft – warm water	1.0 – 1.5 Litres	A typical flow rate of 200 – 300 ml/ minute will normally deliver 20 – 25 litres of foam / minute
Cold – hard water	1.5 – 2.0 Litres	
Hot weather > 30°C	1.5 – 2.0 Litres	

MIXING INSTRUCTIONS
Half fill the foam tank. Add the required amount of **TRAKKA LONG LIFE MARKER FOAM**. Place hose in tank below the water line and complete filling the tank. Ensure that the solution is thoroughly mixed.

Exclusion of Liability: Please Read
To the extent permitted by law, buyers and/or users of the goods accept that neither the manufacturer, Elliott Technologies Limited as distributor, nor any other distributor have any liability or responsibility whatsoever for any loss, damage or injury whether in contract or tort, whether direct, indirect or consequential howsoever arising in connection with the supply of these goods.
